

We have an immediate opening for a full-time and permanent position as

# Junior Consultant (m/f)

## Challenge in an international expanding company

We offer you the opportunity to use your analytical abilities in challenging projects and, together with us, move the pharmaceutical market.

### Job Description

Working on interesting projects, you will have the opportunity to become familiar with the basics of consulting and to experience the multi-faceted challenges of the healthcare market, for which we find multi-faceted solutions. As member of the project team, you will be responsible for working on individual project modules and support project leaders in the development and presentation of solutions. Of course, you will have the support of the entire project team.

#### Major Job Responsibilities:

- Translate customers' problems in the healthcare industry into analytical models
- Plan and oversee project-related analyses together with our Research and Analytics Team
- Develop and use appropriate data sources for project-specific questions
- Prepare analytical results in the form of presentations and reports
- Participate in meetings with customers
- Cooperate in the development and documentation of offers for future projects

### Your Requirements

- Outstanding academic degree in Pharmacy, Medicine, Natural Sciences or similar (Diplom, Bachelor, Master), preferably with a quantitative statistics focus
- Relevant internships
- Sound knowledge of methods
- Excellent computer skills with MS Office
- Advanced fluency in English, ideally knowledge of other foreign languages
- Other Skills: high motivation to achieve, dedication, strong organizational and follow-up skills, creativity, flexibility, teamwork, and excellent communication and presentation skills

### What awaits you

A challenging and interesting position with multifaceted tasks and a lot of room for creativity. On top of this, a young, successful company with a fast-growing team that is ambitious and full of enthusiasm for their work. Based on the best market and network data available, Mederi Consultants and Analysts develop innovative solutions to optimize R&D, sales and marketing for our customers.

We value a corporate culture defined by sincerity and respect. And our success speaks for itself - eight of the top ten leading pharmaceutical companies use Mederi solutions.
